

Jack Madden - Star/Dust

Preparation

- 1 meteorite
- 1 metal file
- 1 volunteer to file the meteorite
- A location to be dusted (Nieuwstraat, no specified time)

Instructions for volunteer

- Go to one end of Nieuwstraat with the meteorite and metal file.
- Slowly walk down the street and grind the meteorite with the file.
- Let the dust fall to the ground.
- You may stop when you reach the end of the street.

Reports:

Frans:

A walk down Nieuwstraat from Voorstraat to Vest. The act of filing felt mythological on the one hand, of great cosmic significance, and on the other hand very artisanal. The walk was very slow, taking about 40 minutes in total. It looked very natural, the slowness felt like a consequence of the filing as an action. A beautiful work with a wonderful contrast between the everyday and the cosmic universal.
