

Albert van der Weide: **Ster**

From 12:00 to 13:00 a performer stands with a drawn STAR on textile in front of his upper body on five consecutive places of the Nieuwstraat.
I will deliver the star on textile.

The performance is a continuation of the performances performed in this regard in Indonesia - on Lombok- and Jalandhar and New Delhi, India and Groningen Netherlands

Paul:

It was my first performance. So I started feeling a little uncomfortable. holding a star on a piece of textile in front of you feels strange. People will think your a demonstrator. But what are your demonstrating for? I took position at 5 locations. I got a lot of eyes but no remarks.
